## WHASSA MATTA, YOU?

A mystery is brewing at the celebrated opening of the Rocky & Bullwinkle Museum in beautiful downtown Frostbite Falls. The fabled treasures that Rocky and Bullwinkle have collected through their many exploits have been purloined by those Pottsylvaniaian super-spies, Boris Badenov and Natasha Fatale!

Now it's up to the dynamic moose and squirrel to once again find their incredible valuables. Join Bullwinkle as he climbs the Alps, delves deep into dark caves and even explores the belly of a robot whale! Rocky picks up the action on tough waterfront docks, mean city streets and finally in a haunted house! Our heroes have to stay on their toes to nab those bomb throwing bad guys and bring back the loot!

## WHAT ARE YOU WAITING FOR?

Place the Rocky & Bullwinkle Game Pak in your Super Nintendo Entertainment System and turn it on. After the title screens advance, you'll see the story unfold. If you wish to bypass the opening sequence, press the Start button.

The game begins with Bullwinkle's search in the chilly Alps. There are many areas accessible to our intrepid moose - climb cliffs and jump the gorges to find new levels of fun! Remember, Boris and Natasha will stop at nothing to keep their goodies, so be careful!

## WHAT MOVES YOU?

Listed below are the controller functions. Take the time to master the character movements so you can thwart the evil schemes of Boris and Natasha.

### CONTROL PAD FUNCTIONS:

**Left/Right** Move characters left or right.  
Brake/Accelerator in mine car ride.

**Up** Climb up cliffs.

**Down** Makes characters "duck" down.

## WHAT YOU'RE LOOKING FOR

Collect the items listed below to make your journey a little bit easier. Okay, a lot easier.

- |                   |                                     |
|-------------------|-------------------------------------|
| <b>Mooseberry</b> | Gives Bullwinkle some ammunition.   |
| <b>Acorn</b>      | Gives Rocky some ammunition.        |
| <b>Sunflower</b>  | Gives both characters extra energy. |

In the upper left corner of the screen you will notice a picture of either Rocky or Bullwinkle. The more damage each character takes, the less "lively" their picture will appear. Grab as many sunflowers as you can to spark up our heroes.

## OLD FRIENDS, NEW GAMES

Some of our heroes old friends appear to break up the action of the game and steal a little attention.

Dudley Do-Right of the Mounties is in a death defying race to save Nell Fenwick from the machinations of the evil Snidely Whiplash. Dodge obstacles on railroad tracks as you and your horse, (known as "Horse"), are chased by a locomotive piloted by the fiendly villain.

Sherman and Peabody also make a cameo appearance with their Way Back™ machine. Dodge fire and brimstone from the mouth of a dragon in medieval times. Can a boy and his bubble gum save the day? Stay tuned . . .

## A FEW GOOD MOOSE-HINTS

Many things in the backgrounds are capable of supporting the weight of a full grown moose and hearty squirrel. For instance, window sills, boxes and manhole covers among other things.

Look for familiar faces in the crowd. We hope you notice a few old friends of the moose and squirrel.

You can fall for a bit down the mine shaft while riding a mine car. You'll have to time your jump perfectly, however, to make it to the next car.

There are many areas of safety where Rocky and Bullwinkle can stand to avoid damage. Above all, experiment! Have fun! And look out for danger from above!

## **WE'RE BAD, WE'RE BAD!**

Shown below are a few of the villainous types that appear in this game:

**Boris Badenov**

**Moon Mice**

**Snidely Whiplash**  
(sorry Horse...)

**Natasha Fatale**
